PROFESSIONAL SUMMARY

I am a passionate and solutions-driven Full Stack web developer with a Full-Stack Engineering certificate from UNC Charlotte. I am currently a Freelance Website Developer creating responsive websites for various clients. I am also experienced in 3D Animation utilizing a combination of strong communication, collaboration, problem-solving, and analytical skills. I have a strong ability to design, build, and maintain websites from conception to production. I also have the ability to work in a fast-paced and diverse team environment developing solutions and exceeding expectations.

SKILLS

HTML CSS JAVASCRIPT PYTHON MYSQL POSTGRESSQL REACT.JS NEXT.JS MVC MONGODB
PWAS REST API JSON JQUERY MERN STACK ANIMATION AUTODESK MAYA

EDUCATION

GOOGLE IT SUPPORT PROFESSIONAL CERTIFICATE

Coursera , Online | Graduated in 2023

CODING: FULL STACK WEB DEVELOPMENT CERTIFICATE

University North Carolina Charlotte , Charlotte NC | Graduated in 2022

A 12 week intensive program focused on gaining skills in Full Stack Software Development

EXPERIENCE

WEB DESIGNER

Nov 2022 - present | Freelance Web Development , Charlotte, North Carolina

I help maintain PacPac Snacks website and update according to their needs. I have also designed NFT minting sites as well as working on portfolios for a few clients who have reached out for help.

ANIMATION

Oct 2016 - present | Pure Imagination Studios , Charlotte, North Carolina

I currently own my own animation studio where I create animations for entertainment purposes on YouTube and Tik Tok as well as do freelance animation work for others in the crypto currency and entertainment world. I have accumulated a total of 2.3 million followers. I have gained up to 14 million views on my animations. In addition I learned how to use 4 different animation softwares including Autodesk Maya.

CERTIFIED PHARMACY TECHNICIAN (CPHT)

Jan 2010 - Oct 2016 | Olathe Medical Center , Olathe Kansas

I worked in the ER department distributing medications to patients as well as collecting medication reconciliations for the physicians. I also trained other Pharmacy Technician students and provided them the knowledge and

materials they would need to pass their PTCB Exams.

PROJECTS

BULLIES 2 THE RESCUE

This project was built for the non profit organization called Bullies 2 the Rescue. The company was in need of a way to take in applications that were a bit more comprehensive and organized. Bullies 2 the rescue also needed multiple people to have the ability to review the incoming applications.

Tools Used: React, MongoDB, Apollo, JWT, JavaScript and Tailwind CSS.

Project Link: github.com/SupernalDeity/bullies-to-the-rescue

PERSONAL PORTFOLIO

I designed and put together my personal portfolio. The tools used in this project are React.js / Next.js and Tailwindcss.
